- Parallel Kitchen — A practical layout for compact and long kitchen spaces.
- Straight Kitchen — Clean, minimal and space-efficient kitchen planning.
- Island Kitchen — A premium statement layout with extra preparation and social space.
- Modern Finishes — Explore acrylic, laminate, matte and other finish options.

What We Do

- Complete kitchen & interior solutions
- Kitchen Planning — Space planning and practical storage design.
- Custom Design — Finishes, colours and layouts tailored to your home.
- Installation — Professional fitting and finishing of your kitchen.
- Home Interiors — Wardrobes, TV units and selected interior solutions.

Why RR

- Designed for your home. Built around your needs.
- Customized Designs — Your kitchen is planned according to available space, storage requirements and preferred style.
- Material Choices — Compare suitable boards, finishes, handles, baskets and hardware before finalizing.
- Clear Consultation — Discuss design, functionality and budget before moving ahead with the project.

Our Process

- From idea to finished kitchen

- 1. Share Your Requirement — Send kitchen photos, approximate dimensions and your preferred style.
- 2. Design Discussion — Discuss layout, storage, finish, appliances and functionality.
- 3. Quotation — Review the proposed design, materials and project quotation.
- 4. Installation — Once finalized, the project moves toward production and installation.

Implementation note

For a real website, add the form styling/CSS from the main index.html. The current form is designed to send the enquiry to WhatsApp number 9720666771. It does not permanently save enquiries to a database.
